SOLUTIONS FOR THE WORLDWIDE PUMPING INDUSTRY

Modern Pumping Today is a publication with solution-based editorial content designed to keep the industrial pump, fluid flow, and rotating equipment markets engaged and informed. Our articles address the key issues for the broad range of pump-reliant industries, from water and wastewater, to specialty concerns like seals and control systems. Our audience consists of what we feel are the key decision makers at all levels in the industry, including engineers, maintenance and operations, municipal and government officials, contractors, and corporate management. For advertisers we offer a competitive rate in a publication designed by the very people you look to influence in the purchasing process.

ADVERTISING OPPORTUNITIES

Modern Pumping Today sends your message to 40,000+ pump industry pros with our printed edition and enhanced digital edition each month. Our print edition offers the traditional longevity one would expect with printed products, allowing engineers, maintenance and operations managers, and corporate executives to keep them at home, in the office, or on the worksite. For our advertisers that means you could get long-term branding opportunities. Our digital edition has its own advantages allowing you to make your products and equipment come to life with streaming videos embedded in your ad. Pump professionals can link directly to your website or email from our enhanced digital edition. For more than five years, *Modern Pumping Today* has established a brand that the industry has grown to trust and rely upon for critical insights needed to get the job done right.

SPECIAL OPPORTUNITIES

Personalized E-Blasts

We offer custom E-Blasts that can put you in front of our large digital audience. Let us help you tailor a specific message and get in front of engineers, maintenance and operations managers, or corporate executives at the right time. Use it to announce new products, as pre-show/post-show marketing, or just to make sure you stay in front of pump industry professionals that need your products and services.

Featured Product

Each month one product from the entire industrial pump industry is promoted in our print and digital editions. This Featured Product is prominently placed on the home page of our website and included in our monthly eNewsletter. Be sure to send us information on your product(s) for possible inclusion in the Products Section of *Modern Pumping Today*.

Special Issues

Modern Pumping Today produces two special issues each year. The April issue "**Products and Services Guide**" and the November issue "**Buyers Guide**." Highly anticipated by the pumping industry each year, the April issue focuses on the products and services for the pump industry. The November issue highlights the manufacturers and includes a company directory that is categorized to help our audience quickly find the options they need. Both special issues allow an elite group of manufacturers to explain about their products or company in an editorial section beside their ad. Don't miss these unique opportunities you can only get in one place: *Modern Pumping Today*.

eNewsletter

The *Modern Pumping Today* eNewsletter is emailed monthly and highlights the current issue of the magazine. Sponsorship opportunities are available with banner links.
